

What Else You Should Know

- A link to another account or a line of credit may be a less expensive option than an overdraft. A single larger overdraft will result in just one fee, as opposed to multiple smaller overdrafts. Good account management is the best way to avoid overdrafts. Use our mobile banking, Internet banking, and telephone banking services to keep track of your balance. For additional financial education resources, please visit www.mymoney.gov.
- The \$30 Overdraft Fee is the same fee amount that is charged if an item is returned as unpaid. If multiple items overdraw your account on the same day, each item will be assessed an appropriate Overdraft Fee or a NSF Fee of \$30. All fees and charges will be included as part of the Overdraft Privilege limit amount. Your account may become overdrawn in excess of the Overdraft Privilege limit amount as a result of a fee. For member accounts, there is no limit on the total Overdraft Fees per day we will charge.
- If an item is returned because the available balance in your account is not sufficient to cover the item and the item is presented for payment again, Service 1st will charge a return item fee each time it returns the item because it exceeds the available balance in your account. If, on re-presentation of the item, the available balance in your account is sufficient to cover the item Service 1st may pay the item, and, if payment causes an overdraft, charge an overdraft fee.
- This describes the posting order for purposes of determining overdrafts. All items are posted against the account's available balance. Your available balance reflects check holds and check card authorization holds. Check card and ATM withdrawals are posted real-time and processed as they are presented. Checks are posted by batch and sorted to post the smallest items first. Larger items that might cause an overdraft are posted last. ACH direct deposits are posted first, then ACH withdrawals are deducted in order from smallest amount to largest. Holds on funds (described below) and the order in which transactions are posted may impact the total amount of Overdraft Fees or NSF Fees assessed.
- Although under payment system rules, Service 1st may be obligated to pay some unauthorized check card transactions, Service 1st will not authorize check card or ATM transactions unless there are available funds (including Overdraft Coverage Options) to cover the transactions and any fee(s).
- Giving us your consent to pay everyday check card and ATM overdrafts on your member account may result in you incurring Overdraft Fees for transactions that we would otherwise be required to pay without assessing an Overdraft Fee. However, this would allow us to authorize transactions up to the amount of your Overdraft Privilege limit and may also help you avoid overdrafts in excess of your available balance that could result in your check card being suspended. If you consent to Extended Coverage on your account, it will remain on your account until it is otherwise withdrawn.
- Service 1st authorizes and pays transactions using the available balance in your account. Service 1st may place a hold on deposited funds in accordance with our Membership Account Agreement, which will reduce the amount in your available balance. The available balance for checks, ACH items, and recurring check card transactions is comprised of the ledger balance, less any holds on deposited funds and any check card holds, plus the amount of the Overdraft Privilege limit and any available overdraft protection. The available balance for ATM and everyday check card transactions on accounts with Standard Coverage is the ledger balance, less any holds on deposited funds and any check card holds, plus any available overdraft protection, but does NOT include the Overdraft Privilege Limit. For accounts with Extended Coverage, the Overdraft Privilege Limit is included in the available balance for authorizing ATM and everyday check card transactions. If the funds in the available balance are not sufficient to cover a transaction, any available overdraft

protection and/or the amount of the Overdraft Privilege limit may be used to authorize and pay a transaction.

- Please be aware that the Overdraft Privilege amount is not included in your available balance provided through online banking, mobile banking or Service 1st's ATMs.
- Service 1st will place a hold on your account for any authorized check card transaction until the transaction settles (usually within two business days) or as permitted by payment system rules. In some cases, the hold may exceed the amount of the transaction. When the hold ends, the funds will be added to the available balance in your account. If your account is overdrawn after the held funds are added to the available balance and the transaction is posted to the available balance, an Overdraft Fee may be assessed.
- Except as described in this letter, Service 1st will not pay items if your account does not contain available funds (including the Overdraft Privilege limit) to cover the item(s) and the amount of any fee(s).
- Service 1st may suspend your check card if you incur overdrafts in excess of the available balance in your account, including any Overdraft Privilege limit (as described in this herein). Check cards on your account will remain suspended until you make sufficient deposits so that your available balance, taking into account any Overdraft Privilege limit, is positive and then you contact us.
- Service 1st may also suspend your check card if your account is overdrawn more than thirty-two (32) consecutive calendar days. Check cards on your account will remain suspended until you make sufficient deposits so that your account balance is positive.
- Service 1st may also suspend your check card if we are unable to contact you due to an incorrect mailing address or phone number(s). You must contact us with your correct mailing address and/or phone number(s) to avoid having your check card suspended for this reason.
- If your check card is suspended due to unauthorized check card transactions, you may be charged a fee of \$35 to reactivate your card.
- If your check card is suspended, you will be unable to use it for purchases or to access your account at the ATM, and if you use your check card for recurring payments, e.g., utilities, you are responsible to make other arrangements for your recurring check payment(s).
- An Overdraft Privilege limit of \$500 - \$750 will be granted to eligible consumer checking accounts.
- An Overdraft Privilege limit of \$750 will be granted to eligible business checking accounts.
- Overdraft Privilege is not a line of credit; it is a discretionary overdraft service that can be withdrawn at any time without prior notice.
- Overdraft Privilege may be reduced or discontinued if you default on any loan or other obligation to us, your account becomes subject to any legal or administrative order or levy, or if you fail to maintain your account in good standing by not bringing your account to a positive balance within thirty-two (32) days for a minimum of one business day. You must bring your account balance positive for at least one business day to have the Overdraft Privilege reinstated.
- Depositor and each Authorized Signatory will continue to be liable, jointly and severally, for all overdraft and fee amounts, as described in the Membership Account Agreement. The total (negative) balance, including all fees and charges, is due and payable upon demand.

If you have any questions about Overdraft Protection or Overdraft Privilege, call our Overdraft Privilege Manager at 800.562.6049, option 5 or visit any Service 1st branch.
